4780. WHEN TO BE MADE. 1. In the year eighteen hundred and sixty-six, and again in the year eighteen hundred and seventy-one, and at the end of each successive period of six years after the said last-mentioned year, an enumeration of the white male inhabitants, over the age of twenty-one years, of this State, shall be made in obedience to the requirements of the Constitution and according to the provisions hereinafter contained.

4781. DUTY OF TOWNSHIP TRUSTEE. 2. The Township Trustee of each township of the several counties in the State is charged with the duty of making said enumeration, and shall, at the times mentioned in the first section of this Act respectively, ascertain the name and age of every white male inhabitant over the age of twenty-one years, residing, at the time of making such enumeration, within the bounds of his township; and shall write, or cause to be written, said names in a book or books to be provided for the purpose, setting opposite to each name the age of the person, as nearly as the same can be ascertained, and shall number said names in numerical order as they are written down in said book or books.

4782. WHEN AND HOW MADE. 3. The said Township Trustee shall perform the duties required of him in the foregoing sections, between the first day of January and the first day of July of each year in which an enumeration is provided for in the first section of this Act, and shall, on or before the first day of July, in each of said years, arrange in alphabetical order, in another book to be provided for that purpose, the names of all the white male inhabitants, over the age of twenty-one years, of his township, who may have been enumerated as aforesaid under the preceding sections of this Act, showing, opposite to the name of each person, his age, as nearly as the same could be ascertained. And the said Township Trustee shall attach to said book his affidavit, to be sworn to and subscribed before some officer authorized to administer oaths, setting forth that the said book contains, as he verily believes, an honest, true, correct and complete enumeration of all the white male inhabitants, over the age of twenty-one years, resident at the time of taking said enumeration in his township (naming

it); that no person has been enumerated or returned in said book who was not at the time of making said enumeration a white male inhabitant, over the age of twenty-one years, of said township, to the best of his knowledge, information and belief, and that he has not, knowingly or negligently, omitted to enumerate and return in said book any white male inhabitant over the age of twenty-one years who was resident therein at the time of making said enumeration; which book, with the affidavit aforesaid, shall, on or before the first day of July in each of said years, be returned by the said Township Trustee to the Auditor of his county, who shall file and preserve the same in his office, noting therein the date of such returning and filing.

4783. ASSISTANTS. 4. The said Township Trustees may make the enumerations of their respective townships personally, or may appoint one or more assistants; and every such assistant shall, before entering upon the performance of his duties, take and subscribe an oath, to be filed with and preserved by said Township Trustee, for the honest and faithful performance of his duties in making the said enumeration.

4784. DUTY OF ASSISTANTS. 5. Where an assistant is appointed by the Trustee, either the whole duty of enumerating the township shall be assigned to such assistant, or a particular portion of the township, designated by definite lines or boundaries, shall be assigned to each assistant; and such assistant shall make the enumeration of all the white male inhabitants over the age of twenty-one years who were, at the time of making such enumeration, residents of the township, or of so much thereof as may have been assigned to him by the Trustee as aforesaid. The said enumeration shall be made in accordance with the provisions of the second section of this Act [§4781], in a book to be furnished by the Township Trustee to said assistant for the purpose. And the said assistant, upon the completion of said enumeration, shall take and subscribe an affidavit before the Township Trustee, or some other officer authorized to administer oaths, to be attached to and returned with said book to said Trustee, setting forth that the said book contains, as he verily believes, an honest, true, correct and complete enumeration of all the white male inhabitants over the age of twenty-one years, resident at the time of the taking of said enumeration within said township, or so much thereof (describing it) as may have been assigned to him as aforesaid by the Township Trustee; that no person has been enumerated or returned in said book who was not, as he verily believes, at the time of making such enumeration, a white male inhabitant over the age of twenty-one years of the said township, or the portion thereof assigned to said assistant; and that he has not, knowingly or negligently, omitted to enumerate and return in said book any white male inhabitant over the age of twenty-one years who was a resident of said township, or the part thereof so assigned to him as aforesaid, at the time of the making of said enumeration; which book and affidavit shall be returned by said assistant at such time, before the first day of July in each of said years, as the said Township Trustee may direct, and shall be filed and preserved by said Trustee in his office as one of the records thereof. The date of the filing thereof shall be

noted therein; and said book shall at all times be open to the inspection of the public.

4785. REMOVAL—CORRECTION OF ERRORS. 6. The said Township Trustee may, at his pleasure, remove any assistant appointed by him under the provisions of this Act, and appoint another in his stead, and may, at any time before making his return of the enumeration to the County Auditor, correct any error or mistake, or supply any omission in the enumeration as made and returned to any assistant appointed by him; but such correction shall be made without altering or mutilating the book and return made by the assistant.

4786. ENUMERATION BY TRUSTEE. 7. Whenever the Township Trustee shall personally make the enumeration of his township or any portion thereof, the same shall be made in a book as provided in the second section of this Act [§4781]; which book shall have attached thereto a certificate of said Township Trustee, signed by him, that the same contains an honest, true, correct, and complete enumeration of all the white male inhabitants over the age of twenty-one years who were at the time of making said enumeration resident within said township, or such part thereof (describing it), as may be included in said book; and said book, with said certificate attached, shall be filed and preserved by said Township Trustee, in his office, as one of the records thereof, and shall at all times be open to the public for inspection.

4787. ERRORS. 8. The said Township Trustee may, at any time before the making of his return to the County Auditor, as required by the third section of this Act [§4782], correct any error or mistake, or supply any omission which may have been made either by himself or any of his assistants in making the enumeration of his township, or any portion thereof; and if the said Township Trustee shall discover any such error, mistake, or omission, after having made his return to the County Audtor, it shall be his duty, immediately upon the discovery of such error, mistake, or omission, to make and sign a statement in writing, to be verified by his affidavit, and to be without delay transmitted to the Auditor of the county, setting forth the facts in detail in relation to said error, mistake, or omission, and wherein such error, mistake, or omission consists; and it shall be the duty of said Auditor to attach said communication to the original book returned by said Township Trustee; and such communication shall be treated as a correction or amendment of said book.

4788. AUDITOR'S OFFICE. 9. It shall be the duty of the Auditor of each county, immediately after all the returns of the enumeration shall have been received by him from the several Township Trustees of his county, to give notice, by publication in two newspapers of his county, if so many there be published therein, and if not, in one newspaper, stating that the Township Trustees of the several townships of the county had made and returned their enumerations of the white male inhabitants over the age of twenty-one years of their respective townships, and that the said enumerations are subject to the inspection of the public at the Auditor's office, and inviting an examination thereof, with a view to the correction of any errors, mistakes, or omissions therein. The said notice shall also state the aggregate number of white

male inhabitants over the age of twenty-one years in each township of the county, and the aggregate number in the entire county, according to the said enumeration and return. In case there should be no newspaper printed in the county, the notice required by this section shall be given by posting up printed handbills at the door of the court-house, and in the Auditor's, Clerk's, Treasurer's, and Recorder's offices of the county, and at three public places in each township of the county. Said notices shall be posted up by the Sheriff of the county, for which he shall receive the same fees as are allowed by law for other similar services, to be paid out of the county treasury.

4789. AUDITOR TO CORRECT MISTAKES. 10. Whenever the Auditor of any county discovers or is informed of any error, mistake or omission in the enumeration of any township as returned to him by the Trustee thereof, it shall be the duty of the said Auditor to investigate the matter and correct any error or mistake, and supply any omission that may have been made, as the facts shall justify upon the completion of such investigation. Such correction shall not be made, however, by altering the book as returned by the Township Trustee, but the Auditor shall provide a book for the purpose, in which he shall enter up all corrections in the shape of orders, to be signed by him, specifying the corrections made and the omissions supplied, giving the name of each person stricken from or added to the enumeration of any township, with the reason for such correction; and the Auditor may subpœna witnesses, when necessary, as to the facts involved in any such proposed correction. Said subpœnas shall be served as in other cases, and the like fees shall be allowed and paid, and the record of said correction shall be preserved as one of the records of the Auditor's office.

4790. REPORTS TO AUDITOR OF STATE. 11. The Auditor of each county shall, on or before the first day of September in each of said years, make and certify to the Auditor of State a statement, verified by his affidavit, giving the aggregate number of white male inhabitants over the age of twenty-one years in his county, and in each township in his county, according to the enumerations as made and returned under the provisions of this Act, including the corrections made as hereinbefore provided for. The said statement shall also show how many persons the Auditor, in making said corrections, added to and how many he deducted from the enumeration of each township as returned by the Trustee thereof. The County Auditor shall certify that the said statement contains the true number of white male inhabitants, over the age of twenty-one years, resident in the several townships of his county, respectively, at the time of taking said enumerations, according to the returns of the several Township Trustees of said county, respectively, as corrected by the Auditor under the provisions of this Act; and that, in making said corrections, no person was, as the said Auditor verily believes, added to said enumeration who was not, at the time of the making thereof, a white male inhabitant, over twenty-one years of age, of the township, to the enumeration of which he was so added; and that the name of no person was, as the said Auditor verily believes, stricken from said enumeration, who was, at the time of the making thereof, a white male inhabitant, over the age of twenty-one years, of such township.

4791. DUTY OF AUDITOR OF STATE. 12. The Auditor of State shall, as soon as practicable after receiving the complete returns of the enumeration from all the Auditors of the several counties of the State, make out and certify a tabular statement of the number of white male inhabitants, over the age of twenty-one years, in each township and in each county of this State; and also the total number in the entire State, according to the said returns so made by the several County Auditors; which tabular statement the said Auditor of State shall cause to be published, by one insertion in each of the two leading daily papers which may at the time be printed and published at Indianapolis; and he shall also submit the same tabular statement to the General Assembly at the commencement of their next session after the making thereof. And he shall also, prior to the meeting of the General Assembly, cause to be printed for the use thereof, three hundred outline maps of the State, showing the relative size, shape and position of said county; and within the outlines or boundaries of each county, as exhibited on the map, shall be printed the name of the county and the figures representing the number of white male inhabitants over the age of twenty-one years therein, as shown by the said enumerations and returns; which maps shall be delivered to the President of the Senate and Speaker of the House of Representatives, at the commencement of the session, for the use of the members, in the proportion of one hundred for the Senate and two hundred for the House.

4792. AUDITOR OF STATE MAY CORRECT MISTAKES. 13. If at any time after the return of said enumerations to the Auditor of State by the several County Auditors, it shall be made satisfactorily to appear to the Auditor of State, by affidavit filed, that any fraud, error or mistake has been committed in making or correcting the enumeration in any township or townships of any county, or in returning the result of any such enumeration to the County Auditor or Auditor of State, it shall be the duty of the Auditor of State, through some citizen of the county in which the fraud or mistake is alleged to have taken place, to be by him appointed a commissioner for that purpose, to fully investigate the matter and report the facts with the evidence taken, and upon which a report shall be based to the Auditor of State, who shall submit such report and evidence to the General Assembly. The Auditor of State may prescribe rules for conducting such investigations; and the commissioners appointed by him shall be sworn to perform their duties faithfully and impartially. And such commissioner may swear and examine witnesses touching the matters to be investigated, and for that purpose may compel the attendance of witnesses before him at any place within the county where the witnesses reside.

4793. BLANKS. 14. It shall be the duty of the Auditor of State, with the least practicable delay after the taking effect of this Act, to prepare and furnish to the Auditors of the several counties of the State all the forms which may be necessary to be used by the County Auditors or the Township Trustees, or their assistants, in carring out the provisions of this Act. And it shall be the duty of the County Auditors of the several counties of this State to procure, at the expense of their respective counties, all the books and blanks (prepared according to the

forms which may be furnished by the Auditor of State) which may be necessary to enable the Township Trustees to perform the duties required of them by this Act; which books and blanks shall be furnished and delivered by the County Auditors to the Township Trustees, respectively, with the least practicable delay. The Auditor of State shall at the time of furnishing the aforesaid forms, furnish to the Auditor of each county a sufficient number of printed copies of this Act (the same to be certified by and printed under the supervision of the Secretary of State), as will enable such County Auditor to furnish one copy to each Township Trustee in his county, and retain two copies in his own office.

4794. FEES OF OFFICERS. 15. The County Auditors shall receive the same fees for their services in carrying out the provisions of this Act that they are now entitled to by law for other similar services; and the Township Trustees shall be entitled to the same compensation for taking the enumerations provided for in this Act that they are or may be entitled to by law for enumerating children for school purposes, which fees and compensation of the Auditors and Trustees shall be paid out of the county treasury of the proper county, upon the order of the Board of Commissioners of such county.

4795. FALSE STATEMENT—PERJURY. 16. If any officer or person who is required, by the provisions of this Act, to verify any statement or return by his oath or affidavit, shall willfully and corruptly suppress the truth, or make any false statement in such statement or return, he shall be deemed guilty of perjury, and, upon conviction thereof, shall suffer the penalty prescribed by law for that offense.

4796. OFFICIAL NEGLIGENCE—PENALTY. 17. If any officer or person charged with the performance of any duty by the provisions of this Act, shall fail to perform such duty, or fail to perform it within the time prescribed by this Act, such officer shall thereby be deemed to be guilty of official negligence, and shall, for every such offense, forfeit and pay not less than fifty dollars or more than five hundred dollars, to which may be added imprisonment in the county jail not exceeding thirty days.

4797. OFFICIAL FRAUD—PENALTY. 18. If any officer or person charged with the performance of any duty under the provisions of this Act, shall be guilty of any fraudulent act or omission in relation to such duty, such officer shall be deemed guilty of an official fraud, and, for every such offense, shall forfeit and pay not less than one hundred dollars nor more than one thousand dollars, to which may be added imprisonment in the county jail of the proper county not exceeding six months.

4798. INDICTMENT. 19. The grand juries of the Circuit Courts of the several counties in this State shall have jurisdiction to find and return indictments against all persons who may violate the provisions of the three foregoing sections, or any or either of them; and the said Circuit Courts shall have power to try such indictments; and it shall be the duty of such courts to give this Act in special charge to the grand juries thereof.

[1877, p. 59. In force March 5, 1877.]

4799. ENUMERATION OF COLORED MALES. 1. In addition to the duties imposed upon the Township Trustees of each township by the provisions of the above Act, they shall each make, or cause to be made, at the same time the white male inhabitants of each township are enumerated, an enumeration of the colored male inhabitants, if any in the township, over the age of twenty-one years, in the same manner as by said Act provided for the enumeration of the white males over twenty-one years of age. And the names of the colored males shall be kept in a list separate from the white males, and designated as "Colored male inhabitants." And such Trustee shall also make return of the enumeration of the colored male inhabitants to the Auditor of the county, at the same time and in like manner as provided in said Act for making return of the white male inhabitants, and under the same penalties and provisions as therein now set forth.

4800. REPORT TO AUDITOR OF STATE. 2. In addition to the duties imposed upon the Auditor of each county under the provisions of above Act, he shall, in addition to the notice required by section nine [§4788], state therein, in a separate paragraph, the aggregate number of colored male inhabitants over the age of twenty-one years, in each township of the county, and the aggregate number in the entire county, according to the said enumeration and return. And he shall also certify to the Auditor of State, in the certificate provided for by section eleven [§4790] the aggregate number of colored male inhabitants, over the age of twenty-one years, in his county and in each township of his county, according to the enumeration thereof herein provided for; which shall be stated in a separate paragraph of said certificate. And such County Auditors shall have the power, and it is hereby made their duty, under the penalties in said Act to which this is supplemental, to revise and correct the list of "colored male inhabitants," in the same manner as now provided in section ten of said Act [§4789].

4801. DUTY OF AUDITOR OF STATE. 3. In addition to the duties imposed upon the Auditor of State by the provisions of above Act, he shall certify, in a separate paragraph of his certificate, a tabular statement of the number of colored male inhabitants, over the age of twenty-one years, in each township, and each county of this State, and also the total number in the entire State; which shall be published as a part of the notice required by section twelve of said Act [§4791], and be submitted to the next General Assembly, as therein provided. And on the maps in said section last named, in addition to the statement now required, said Auditor shall state the number of colored male inhabitants, over the age of twenty-one years, in each county, as shown by said enumerations and returns.

4803. COMPENSATION OF OFFICERS. 4. The several officers shall be allowed the same compensation for making the enumeration of the colored male inhabitants as is now allowed for their services in making the enumeration of the white male inhabitants by section fifteen of above Act [§4794]. And for any violation of any of the provisions of this supplemental Act, they shall be liable to prosecution and punishment as is now provided for by sections sixteen, seventeen, eighteen and nineteen of said Act [§§4795 to 4798].

INTRODUCTION.

"ORDER IS HEAVEN'S FIRST LAW."

The Civil and School Township Record and Account Book has been prepared in its present form only after a careful and thoughtful consideration of the subject for six years, during which time all of the plans for keeping Township Accounts in this State, and others of similar organizations, have been, again and again, examined; even the systems of Indiana reaching back beyond the adoption of the present Constitution—1851, have been carefully investigated and made to do service in this undertaking. This discovery has been made in respect to old systems—they were in many respects superior to the present, and far less expensive.

The Township system of Indiana, with a single Trustee, though the best and cheapest yet devised, has invited the cupidity of sharpers from every quarter, who have swarmed into our state like locusts into Egypt, to eat out the substance of our goodly heritage. The honest question seems never to have occurred to them, "How *much* and how *well* can we serve the Townships for a given sum," but "How much can we get out of them for this 'set of books,' or that 'Toy Map or Trap,' or this piece of impracticable 'Apparatus,' Etc."

But the times have changed. We have reached a crisis in development of our free school system that threatens the very life of the schools themselves. One of two things must be done. We must either reduce the expenses, or abandon the system. The first we ought to do; the last we cannot afford to do. Economy, retrenchment, reform, *true* and *genuine*, ought to begin in the Townships and move up through all the departments of the government. But true reform is not to correspondingly reduce the quality as you reduce the price.

This Complete Township Record and Account Book is offered to the Trustees of Indiana, not as an inferior book either in matter or make up, but as the best and cheapest ever offered to the public. The whole system is simple, accurate, thorough and complete. It embraces every detail of the business of a Township Trustee, all in one compact, complete system—in one book. It is at once Account Book and Record Book, Trustee and Teacher's Contract and Report Book, Sheep Record and Highway Record, *all in one.* Not a single record or transaction connected with the office of Trustee, except Enumeration, that is not contained in it. It will be a teacher that will speak to the Township Officers of Indiana when the Author is gathered to his fathers.

Many Trustees have been troubled in their settlements with "overdrawn" accounts, and borrowing from one fund for another. All of this it is true is improper and illegal, but then scores of new Trustees find this the case, on entering their offices, and must deal with the facts. Others have been troubled with the disposition of the "Dog Fund." This is all simplified in that department of the book.

Again, other Trustees have wondered how they can ever keep track of the apparatus and supplies in the different School Houses. The Teacher's Report connected with their Contract settles this question. Here is found the inauguration of an era of responsibility.

Again, other Trustees are troubled with the discharge of their duties as Overseers of the Poor. We unfold this delicate business and enable them to record every transaction with applicants to whom he has granted aid.

Most new Trustees have been at a loss to know about the previous settlements—this book provides for every annual settlement that shall be made during its use, and what is better, the certification of the Board of County Commissioners of its correctness and acceptance by them.

Who would scatter the business of an office over six or eight volumes when he could have it in one comprehensive and complete volume?

Trustees of Indiana, I appeal to you for the vindication of my judgment and work. Author.

Oscar M. Dickey

Sir By examination of the book and vouchers on file in the Auditors Office of Jasper County Indiana. I find that at the expiration of Mr. Wm H. Hewkles Term of Office as Trustee April 1882. there was an Indebtedness of the following amounts. by Carpenter Township

Township	Township Fund	169.29
	Special School Fund	528.00
	Road Fund	634.00
	Total	1331.29
And it was necessary to rebuild School House No. 6		650.00
Also ~~the~~ by the action of the Board of Commissioners in reducing the Township levy in 1882. to 5 5/100 producing barely enough to pay me as Trustee the debt of the Township Fund was increased.		300.00
Also by change in the Road law it became necessary for me to assume an additional debt incurred Road against the Road Fund of over		400.00
Sept. Making debts over which I had no control of.		2681.29

Now when you take into consideration that the levy for Special School purposes was 15 cents on the $100. during the first year of my last term - the lowest for 10 years - and the extraordinary expenses on account of roads during the last year You will readily see that I had no chance to reduce the debt.

James T. Erwin.

With full and explicit instructions for Awards to Claimants on this Fund. Prepared for the use of Township Trustees of Indiana.

1878.

Entered according to Act of Congress, in the year 1878, by B. WILSON SMITH, in the Office of the Librarian of Congress at Washington.

INTRODUCTION.

The Law enacted in 1865 for "discouraging the keeping of useless and sheep-killing dogs," has been but indifferently understood and its provisions carried out with wonderful lack of uniformity. The primary object of the law was to raise a revenue by the "dog tax" levied in each township to pay for the sheep killed by dogs therein. But it has been so construed on the "first come the first served" principle, that those who had sheep killed the first of the year, if they were diligent, got their full pay, while those having sheep killed later in the year, would find on presenting their claims, the dog fund exhausted. Hence no adjudication of their claims took place, and no orders for their losses or damages were made. Then if the funds of one year were exhausted, and there was a surplus the next year, this was turned into the Tuition Fund, regardless of old claimants on the Dog Fund.

The following state of facts is met in even a cursory glance at the subject:

1. In many Townships the loss of sheep in a given year exceeds two, three, or even four times the amount of the "dog tax" for that year.

2. In other Townships there are dogs to be taxed, but no sheep to be killed.

3. In yet other Townships the value of sheep killed and maimed one year exceeds the whole dog tax, and in another year the dog tax largely exceeds the damages to sheep by dogs.

4. Other townships have within them incorporated towns and cities, also an annual surplus of dog tax, &c., &c.

What shall be the guide in this complication of affairs? A few plain statements will set these questions clearly before the mind.

1. The special object of the dog tax is to pay for damages to sheep caused by dogs, and as long as there is one just and lawful claim for such damages unsettled, not one dollar, not *one cent* of that fund can be diverted to any other purpose.

2. The law provides that on the first Monday of March, annually, the Township Trustee shall pay over to the Tuition Fund any balance in his hands, in excess of fifty dollars; but mark you, he is to reserve fifty dollars as a contingent fund, lest the slaughter of sheep the coming year may exceed by fifty dollars the whole dog tax in process of collection.

3. The law requires the Township Trustee in the adjustment of claims to issue an order on the "dog fund" to the amount of the award.

4. The first Monday of March is set apart as general settlement day, and every analogy of circumstance and law points to the one conclusion, viz.: that on this day the Trustee is to make settlement of these orders, if his fund is equal to or in excess of the aggregate of these orders for the past year; then he is to pay them in full, and if not, then pay pro rata on the orders. But if, after discharging all the orders of the past current year, the records show old orders still unsettled, they must be settled in full or pro rata as the surplus may indicate; but in no case may any money be diverted to any other source till all of the first claimants on the fund have been satisfied. Then, after laying aside a reserve fund of fifty dollars, the balance shall be turned over to the second claimant—the Tuition Fund of the Township.

The Act of March 14, 1877, entitled "An Act to provide for the disposition of the surplus Dog Tax in the hands of Township Trustees," was special in its provisions, and having met the requirements of the special cases is now practically inoperative.

5. The Dog Tax Law requires the Trustee to distinguish between sheep killed and sheep maimed, between sheep and lambs, also requires the claimant to testify as to value, number, locality and date of the killing and maiming; and he may require witnesses to the above facts. After all this the Trustee is to determine the damages and issue orders on the Dog Tax Fund for the amount. This order should bear the date of issue, date of payment, first Monday of March ensuing, and amount, without interest; and the same should be carefully registered, that on the day of annual settlement the Trustee may know just what amount of indebtedness must be met or provided for.

The proceedings connected with the award should have all the order and solemnity of a Justice's Court, and the Docket should be as carefully made up. All expenses of the same must be paid from the Township Fund. Nothing but the net damage to sheep can be paid from this fund.

With this setting forth of the duties of Trustees in regard to the claims on the Dog Tax Fund, we think a clear understanding will be had and uniform proceedings attained. All of which is respectfully submitted by the

AUTHOR.

If the aggregate sum of the orders for the current year is in excess of the amount of the Dog Tax Fund, then on the first day of March the Trustee must strike a pro rata dividend between the claimants who hold the orders, and require each to certify on the back of the order the amount, in full or in part, received. By no other method can even and exact justice be done or the law carried out.

NOTE 2. The Trustee is not bound by the law to award the exact amount of damages testified to by witnesses; this is simply their opinion; his award must be in accord with his best judgment and belief from the facts and opinions set forth.

The following Official Books and Blanks have been prepared by Prof. B. Wilson Smith, A. M., after the most careful and thorough consideration of the whole question, and they have the two recommendations—the ability and experience of their author commends them to all, while their thorough and systematic arrangement and adaptation to their purpose speak their highest praise.

Indiana Series.—TRUSTEE'S CIVIL AND SCHOOL TOWNSHIP RECORD AND ACCOUNT BOOK.

This comprehensive work has been prepared after years of careful consideration; and is presented to the thousand Township Trustees of Indiana with the fullest assurance that it is destined, from its cheapness, simplicity and exact adaptation to the work designed, to supercede all others. The whole scope of a Township Trustee's duties is registered and recorded in this *one* large and comprehensive book. Estimated to last five to seven years. It is all embodied in the following forms and divisions:

I. Receipts and Expenditures—so arranged that it is impossible to either make mistakes, mix or confuse accounts. Each year's business is complete in itself, and an annual settlement sheet (page) complete in all the funds, and prepared to receive the authentication of the Board of Commissioners after settlement is made. This is a new feature and one that must come into general use.
II. Official Proceedings of Trustee.
III. Boundaries of Road Districts.
IV. Oaths of Supervisors.
V. Oaths of School Directors.
VI. Register of Teachers, Supervisors and School Directors.
VII. Trustee and Teacher's Contracts and Reports.
VIII. Sheep Record and Register of Orders on Dog Fund.
IX. Register of Supervisor's Reports—consolidated.
X. Register of Orders drawn by Supervisors.
XI. Register of Township Special School Orders.
XII. Proceedings of Trustee as Overseer of Poor.
XIII. Register of Orders to Poor applying for aid.
XIV. Miscellaneous.

This book is large, handsome, and elegant in material and workmanship. In it all the records of a Trustee may be made, and at the end of five or six years when he will have finished this book, the revisions and changes of the law will require a new one. At the present time a full set of township books costs fifty or sixty dollars, and many of the books now offered for use were compiled in 1865, thirteen years ago. During this time the laws have been revised, modified and changed till we have almost a *new* school system. No other set of books beside these recognizes the difference between a Civil and a School Township.

Price $16 and $20, according to size of township. Several of these divisions are bound in separate books when desired.

Indiana Series.—TRUSTEE AND TEACHER'S CONTRACT AND REPORT RECORD.

A new and complete Contract and Report Book, embodying all the legal points of a contract as indicated by law and special decision. Prepared with care, and passed upon by the highest official authority. The Report part embraces the latest modifications of the State Board of Education. The book is large, well bound, and avoids the errors of like books before the public. Price, $6.50. Duplicate Sheets, $1.50 per quire. Every teacher should have a duplicate copy of his Contract.

SHEEP RECORD; AND REGISTER OF ORDERS ON DOG TAX FUND.

A new and complete work. So simple in the legal forms and so explicit in details that no one can fail to understand the method of disposing of this most important yet complicated part of the Trustee's business. Prepared by the Author to meet the difficulties presented to him by scores of Trustees, who have sought in vain in any other Guide for correct forms of Adjudication of Claims and Settlement of the same—especially when the aggregate of claims exceeds the annual Dog Tax. Price, $5.00.

Blank Orders on Dog Fund, $1.00 per 100.

SUPERVISOR'S GUIDE, RECORD AND ACCOUNT BOOK.

This Book embraces the following divisions:

I. A full presentation of the qualifications, compensation, powers and duties of a Supervisor under the present Road Law.
II. An Account of Road Revenues; including Acreage Tax, Valuation Tax, Fines, Commutation Money and Labor due on the highway, with receipts and expenditures of each of these funds.
III. Number, Description and Value of Highway Tools, when received and to whom turned over.
IV. Register of Receipts and Expenditures consolidated.
V. Register of all Orders drawn on the Township Trustee, naming the fund.
VI. Copies of all official papers: Summonses, Executions, Orders and Oaths, in fine all legal forms that enter into a Supervisor's duties and business.

With this Guide Book in the hands of a Supervisor, he cannot fail to discharge his duties intelligently and well. No official Book has ever been offered to the Township Trustees of Indiana as complete as this one. The Road Law having been materially changed, and the duties of officials so modified, it is important that every Supervisor should have one. Every township will save in a single year many times the necessary outlay. Price, $2.50.

TRUSTEE'S HIGHWAY RECORD.

This book is the Trustee's companion to the Supervisor's Guide, and in every respect its counterpart. It has in addition to all the corresponding reports of Supervisor's Reports and Accounts, the Oaths of Supervisors, Register of Supervisors, Record of Official Proceedings and Register of all Orders drawn on Trustee for Highway Purposes. No Trustee ought to be without one of these Highway Records. Price, $5.00.

IMPROVED JUSTICE'S DOCKET.

This is a new and complete work; so arranged as to be the form exactly meeting every want of the Justice. It contains a brief but comprehensive resume of the powers and duties of Justices of the Peace in both Civil and Criminal cases, as modified by the acts of the regular and called sessions of 1877. Added to this is a Model Case, fully docketed, with all fees charged and judgments entered. In addition there is a revised and complete fee-bill for Justices in all their offices, and Constables in all their duties, and jurors and witnesses in all cases, civil and criminal, and in coroner's courts. The index is the most improved. The docket page is not a printed one, but simply ruled in such a manner as to provide at the top divisions for the Title of the Case, the Names of Attorneys for both Plaintiff and Defendant, and a brief Summary of the Case. The left hand margin is ruled in dollars and cents columns, for charging all fees, &c., &c. The paper is of the most superior quality, fine, heavy and clear. The binding, full leather, with spring back, so that in writing it furnishes an open and flat surface. This Docket is the best and cheapest ever offered to the public. Size 11x16½ inches. Price: 400 pages, $7.00; 600 pages, $9.00.

Indiana Series.—DAILY SCHOOL REGISTER AND TEACHER'S REPORT RECORD.

This is the most complete Register and Record ever presented to any Trustee for his teachers. It presents all the features of every other Register that experience has approved, together with other radical improvements that must commend it to every teacher. In addition to this it has two separate reports for each school that may be taught in the District. One to the Trustee, embodying all the items required by the School Law, and in addition thereto a complete statement, at the close of the term, of the building and grounds, and of the furniture and apparatus of the School Room; it inaugurates an era of Teacher's responsibility in the School Room, and establishes an intelligent method of term inventories of the same. The other to the Teacher's successor in the School, embodying a complete statement of each scholar's attendance, tardiness, absence, and advancement in each study pursued during the School term, and his grade at the close; also a programme of the School Exercises for both morning and afternoon.

No such Register and Report Record has ever been presented before and no School Teacher or Officer has seen it who does not pronounce it *the best*. It has the *endorsement* of the highest school authority in the State. Price, $1.25.

TEACHER'S RECITATION RECORD.

This is a complete Recitation Record, embracing all the good features of the Register as far as these features can run parallel.

The Author of these Registers and Records has so much faith in all the features of his Registers, Records and Reports that not only has he copyrighted the Books, but the individual forms of the Reports. They *must* and *will come into general use*, both because of indispensability and cheapness.

These Registers have been prepared for the free schools of *Indiana only*. They are not adapted to any other State, without material change, neither are the Registers made for other states adapted to Indiana Schools. A correct and legal School Register is a *State specialty*. Again, all of the other School Registers for sale in Indiana are of the old form, and do not recognize the new order of things, being made after a general form that will suit—in a few features—any school. For instance, the State Board of Education requires the marking and reporting of all tardies; what School Register beside this provides for it?

Price of Daily School Register and Teacher's Report Record, $1.25.

Indiana Series.—TOWNSHIP TRUSTEE'S RECEIPT BOOK.

We have also prepared the neatest Receipts for Township Trustees that have ever been presented to the public. They are each and all prepared on fine tinted paper and printed in appropriate colors. Both color and style of each kind of receipt differs from the others, not only in appearance, but in form and matter. It is our intention to carry out through all the departments of the Trustee's official records a needed reform. One which Trustees will hail with more pleasure than any other persons. These Receipts will be so arranged in book form, and so proportionately divided that one book will contain each and all. A new and unique form of Stub for each Receipt.

INDIANA SERIES OF OFFICIAL BLANKS.

The Indiana Official Blanks consist of all Township Orders and Special School Orders, Receipts, Reports, Oaths, Notices, Summonses, and, in fine, every legal form that a Township Trustee, Supervisor or School Teacher is likely to need in his various duties. A uniform working of a system depends on uniform modes.

SMITHSONIAN LIQUID SLATING. (Pure Alcohol.)

What can take the place of a blackboard in the School Room? *Nothing.* And yet how few of the School Rooms have a *real good* black board. A board with a hard, smooth, durable surface. These are not difficult to secure; any ordinary wall is capable of receiving a good blackboard surface. The thing most needed to supply this want is a good article of Liquid Slating, with plain and simple instructions: first, for making the wall, if the house is not already built; second, for preparing the wall for the slating if the house be one already built; and third, for putting on the slating. Any one who can read and follow simple instructions can have the *best* of blackboards. And once made, the Trustee may dismiss care in this regard for years. A good Liquid Slating surface ought to last from five to ten years!

The Smithsonian Slating costs much more to manufacture than any other slating in the market. Just as pure alcohol costs more than "naptha," "turpentine," "wood alcohol," and the other *dangerous* and *villainous* stuff with which most other slating is compounded. We guarantee our slating to be of the best and purest materials, prepared and measured by ourselves. We are one of you, and expect to build up our business by fair, honest and accommodating business transactions.

This Slating is compounded by the senior member of this firm, whose personal and practical acquaintance with the manufacture of Liquid Slating is second to none in the State.

Price, per Quart, - - - - - -	$2.50.
" " ½ Gallon, - - - - - -	4.25.
" " Gallon, - - - - - - -	8.00.

Green Slating is worth a dollar a gallon more than Black, but is much more cheerful in the School Room. besides much more grateful to the eyes.

Remember, this Liquid Slating is manufactured and sold by the proprietor, and every pint of it is warranted full measure, pure, and all that it professes to be—THE BEST in the market. Every package of this Slating has directions for use in each case, to which is appended the signature of the proprietor.
